

6th Organic Chemistry Day at UAM

October 7, 2016, 10:00 AM

SALÓN DE ACTOS

ESCUELA POLITÉCNICA SUPERIOR, UAM

SPEAKERS

Prof. Harry Anderson (University of Oxford)

Prof. José L. Mascareñas (Universidad de Santiago-CiQUS)

Prof. Jeffrey Bode (ETH-Zürich)

Prof. Herbert Waldmann (Max Planck, Molecular Physiology)

PROGRAMME

10-10:15 h: Opening Ceremony: Welcome by Tomás Torres and Javier Adrio

10:15-11:15 h: *UAM Lecture:* Chairman, Tomás Torres

Prof. Harry Anderson (University of Oxford)

" **Light Harvesting Nanorings: Template-Directed Synthesis, Photophysics and Aromaticity** "

11:15-11:45h: Coffee break

11:45-12:45 h: *GSK lecture:* Chairman, M. Pilar Manzano (GlaxoSmithKline)

Prof. José Luis Mascareñas (Universidad de Santiago- CiQUS)

"**Metal-based Tools in Catalysis and Chemical Biology**"

12:45-14:30h: Lunch

14:30-15:30h.: *Janssen Lecture:* Chairman, Juan Antonio Vega (Janssen)

Prof. Jeffrey Bode (ETH-Zürich)

"**Inventing New Organic Reactions for Chemical Protein Synthesis and Bioconjugation**"

15:30-16:30h: *Lilly Lecture:* Chairman, Álvaro Enriquez (Lilly)

Prof. Herbert Waldmann (Max-Planck Institute of Molecular Physiology)

"**Navigating the Chemistry-Biology Interface - From New Enantioselective CH-Activation to New Biology**"
