

What is Foodio?

A platform for sustainable solutions to food product development challenges aiming to:

- Connect academia and industry.
- Stimulate new solutions for future innovation.
- Educate future professionals in an international and inspirational environment.

Whom is it addressed to?

- Bachelor, master, doctoral students and young researchers.
- Limited to 40 participants (10 per country).

What is the challenge?

Find new uses for plant-based side streams, supporting the manufacturing of healthier dairy products.

What is in it for you?

Hands-on experience on product formulation, new technologies, marketing, consumer aspects, and business model development.

Milestones?

- Recruitment starting in Nov 2017
- Boot Camp at Helsinki in March 2018
- Mid-evaluation in May/June 2018
- Final Award Gala at Madrid in Dec 2018

Do you dare?
