

GrOAT Food Solution (may-dec 2021)

Do you dare to test your innovative skills?

What is GroAT?

A programme based on a Food Systems challenge that will lead to:

- Connect academy and industry
- Stimulate novel ingredients development
- Educate future professionals in an inspiring and motivating environment

What is the challenge?

Create a sustainable novel product based on oat (wholegrain, canola...).

Whom is it addressed to?

Bachelor, Master and PhD students.

What is in it for you?

- Experience on a multidisciplinary team
- Implementation of your knowledge and skills in a real case
- Networking with academic and industrial professionals
- Training in novel technologies and food
- Entrepreneurial perspective

Application period

From 10/03/21 to 10/04/21

Please, send your CV, English certificate and a brief motivation letter (1 page) to diego.morales@uam.es
