Dear Student,

Thank you for your interest in coming to UAM as a mobility student for the next academic year. You will find all the information for incoming students to UAM on our website here: https://www.uam.es/uam/international/incoming/estudiantes-intercambio

And specifically from the Faculty of Science here:

http://www.uam.es/Ciencias/MovilidadEstudiantesEntrantes/1446753361166.htm?language=es&nodepath=Movilidad%20Estudiantes%20Entrantes%20/%20Incoming%20Students&pid=1446752194127

Before you arrive, there are **two** important steps you must take:

- 1. The **online application form** for admission
 - a. **First,** you must register at the UAM here: https://secretaria-virtual.uam.es/Navegacion/InicioRegistro.html#
 - b. **Second,** you must complete the online application here: https://secretaria-virtual.uam.es/Navegacion/InicioAdmision.html

Deadlines

- i. 1st semester and full academic year: from 15th to 31st of May
- ii. Deadline 2nd semester: from 1st to 31st of October

2. The learning agreement for course registration

- a. Read carefully the self-enrolment instructions.
- b. Complete the self-enrolment within the timeframe (except Master students, who need a previous Learning Agreement approval).
- c. Email your Learning Agreement to <u>ori.ciencias@uam.es</u> signed by you and your mobility coordinator.
 - i. Bachelor degree students, 1st semester and full academic year: 15th to 30st of June
 - ii. Master degree students, 1st semester and full academic year: from 15th to 31st of May
 - iii. All 2nd semester students: any time until the 31st of October

There are **limited** places for incoming students on our courses and reservations are made on a **first-come basis.** Therefore, we **highly** recommend you enter the application as soon as it opens.

We cannot extend the vacancies. If you find that a <u>course is complete, you must select a different one</u>. Have some alternatives in mind before the enrollment day.

IMPORTANT INFORMATION FOR CHOOSING COURSES

The **academic calendar** for next year will be published in May https://www.uam.es/uam/estudios/grado/matricula/calendario

The **schedules** for next year will be published in May

http://www.uam.es/ss/Satellite/Ciencias/es/1234888218730/contenidoFinal/Estudios_de_Grado.htm

Courses are organized by degrees (Biology, Physics, Mathematics, etc.) and year (bachelor's degrees have four years). However, you can take any course from any year and a degree from the Faculty of Sciences.

But notice that incoming students cannot select courses belonging to any Double or Inter-Universities Degree or Master, and students interested in Master courses must have completed 240 ECTS to be admitted on them.

VERY IMPORTANT DO NOT SKIP THIS PART:

You **MUST** check the groups and **weekly** schedules for each course because some courses may overlap. Some degrees have only one group (Biochemistry for example), but others have up to four groups (Biology).

To find the course syllabus, groups, and schedules follow this path

- Go to the main page of the Science Faculty: http://www.uam.es/Ciencias/EstudiosGrado/1234888218730.htm?language=es&node
 path=Estudios%20de%20Grado
- 2. On the left-hand side of the page, click on Estudios de Grado and then choose the degree you want. Avoiding the ones crossed in red:

- 3. You can find the full academic offer by clicking on Oferta Académica.
- 4. You can find the groups and schedules by clicking on Horarios y Aulas or on the left "Ordenación Académica"

Note: Group numbers have three digits. The first digit stands for the degree, the second is the course year (1-4), and the third digit indicates if the group has morning classes (1 and 2) or afternoon classes (6 and 7).

IMPORTANT: The Learning agreement must be filled in with the **CODE, GROUP,** and **NAME** of the courses you want to take.

MASTER'S COURSES

If you want to attend Master's degree courses at UAM, we need to ask the Master's Coordinator for your admission. Please send us the following documents in addition to your learning agreement. The timeframe is 15th to 31st of May.

- 1. Curriculum vitae/resume/CV
- 2. Transcript of records
- 3. A statement of purpose.

Areas available: (Masters not listed below are not available for incoming students)

Master's Degree in Advanced Materials

Master's Degree in Applied Chemistry

Master's Degree in Biomolecules and Cell Dynamics

Master's Degree in Biotechnology

Master's Degree in Chemical Engineering

Master's Degree in Condensed Matter Physics and Biological Systems [Specialization in

Biophysics / Specialization in Nanophysics]

Master's Degree in Energy and Fuels for the Future

Master's Degree in Inland Water Quality Assessment

Master's Degree in Mathematics and Applications (Specialization in Introduction to Research /

Applications of Mathematics)

Master's Degree in Microbiology

Master's Degree in New Food Products

Master's Degree in Science in Biodiversity

Master's Degree in Theoretical Physics

Please, remember that Inter-Universities Master Degree Courses are not available for incoming students.

COURSES FROM OTHER FACULTIES

It is also possible to take some courses from other Faculties, but at least 51% of your course credits must be from the Faculty of Science. We **CANNOT** guarantee you a place on any course that is not from the Faculty of Science before your arrival, so we discourage every student to apply to other faculties courses. The application for these courses must be done using an external link (more information here).

AFTER LEARNING AGREEMENT APPROVAL

Once we have received and approved your Learning Agreement proposal we will send you the signed learning agreement, an acceptance letter, and additional information about the enrolment process, Spanish courses, etc.

Thank you very much for your cooperation.

Best regards.
