

CIVIS

A European Civic University

Dear CIVIS students,

The Faculty of Law of National and Kapodistrian University of Athens (NKUA), within the activities' framework of CIVIS European University, will organize a *Blended Intensive Program* entitled "**Novel Research and Ethics: from Neuroscience to AI**". The program will take place during next winter semester and includes both online classes in eight meetings every Saturday and one week of live attendance in Athens on December 9-13, 2024.

It is a joint program with **6 other universities-members of the CIVIS alliance** and **5 departments of NKUA**. It is addressed to students of all study cycles (undergraduate, postgraduate, and doctoral candidates) and all scientific disciplines. The aim is to provide information and raise awareness on issues related to the development of *Neuroscience* and the use of *Artificial Intelligence* with a focus on health and ethics.

Students can apply **until April 28** on the program page, by uploading their CV and a Motivation Letter about the reasons they are interested in participating in the program. They will be offered the opportunity to meet and collaborate with students from all over Europe, while participation provides **5 ECTS** and additional research activities. A necessary condition for participation is to maintain student status until the end of the program.

We invite you to participate and contribute by embellishing the program with your presence. More information and applications are available here:
