Main entrance Faculty of Business and Economics

Welcome to UAM and our Faculty

Introduction

The members of the International Relations Office welcome you to Madrid!

We truly hope you will enjoy your stay and take advantage of the opportunity the mobility programme gives you to get out of your comfort zone and explore new opportunities. Living and or studying abroad will increase your personal and professional skills and gives you a taste of a different culture. It is also the best way to improve your language skills, so be open to this linguistic immersion opportunity.

Have an open mind and try to adapt to the new environment instead of comparing situation to what you are used to. You belong to a large group of incoming students, which means you will get to know students who are in your exact same situation. You can join forces to face new situations together and make new friends with local students as you will be integrated into their classes.

Due to this integration, you must know that availability of spots depends on the size of the classrooms.

By now, except students requesting Master courses, double degree students, Free-Movers and IISMA students, you all have enrolled in your courses. However, during the first week of classes, you will be able to request changes to your current course selection and request courses from other faculties, but bear in mind that not all courses from other faculties are open to international students.

If you request changes or courses from other faculties, we urge you to have a plan B in place in case your request cannot be accepted.

We would also like to inform you that we are a very small team trying to give service to all our incoming and outgoing students, so please be patient with us.

We wish you a great stay in Madrid!

Course selection and changes - during mobility

How to request changes at host faculty

The automatrícula option is not active anymore. You are enrolled in the courses you selected during this process.

Your matricula in SIGMA is your official enrolment document and the courses that are included will show on your Transcript of Records after you finish your mobility stay with us.

If you want to request changes to your current enrolment (matricula) you need to complete the on-line form. Through this form you can request to add, delete, or request group change of courses.

<https://forms.office.com/r/MEaEKii8HW>

Form only active during dates:

From: 30/01/2024 (9:00 AM)

Until: 05/02/2024 (22:00 PM)

Answers: 13/02/2024 at the latest

Deadline changes to your matricula:

16/02/2024 (changes requested between Jan. 30 and Feb. 5 awaiting confirmation)

The requests will be reviewed in request date order. This means that the quicker you complete the form the higher you will be on the waiting list, but bear in mind that you depend on fellow students' changes for the courses that are full. You must wait until a spot becomes available for you and it is possible that this won't happen. We recommend you include alternative courses in order of your preference and use the comment box to indicate how many courses you really need.

Take note of the dates as change of courses are not indefinite. You must attend classes in at least 80% to be admitted for the final exams.

Remember that you are **not** allowed to take first year courses, group codes that end with XX9, and "asignaturas transversales" -refer to our Course Catalogue 23-24 for a full list of available courses and groups.

Make sure to check the timetable for each course to avoid clashes. The advantage of being able to choose courses from all our degrees and different years leads to the inconvenience of having to check the timetables carefully.

In case the timetable partially clashes, the professor of the corresponding course is the only person who can authorize your non-attendance.

Courses from other faculties

How to request courses outside your host faculty

Before requesting courses from other UAM faculties, you must make sure that these are open to international students, as their offer for other faculty's incoming students might be restrictive, especially on what concerns your admission to their English-taught courses. Both UAM Engineering School (EPS) and UAM Faculty of Arts (Filosofía y Letras) have informed that their English-taught courses will not admit additional exchange students in September.

If you still want to have a go, you need to use the corresponding on-line form. On page 2 you will have information regarding the courses offered at each faculty.

<https://forms.office.com/e/SnBHvayLAX>

Form only active during dates:

From: 30/01/2024 (9:00 AM)

Until: 02/02/2024 (17:00 AM)

Answers: 16/02/2024 at the latest

Deadline changes to your matricula:

16/02/2024 (changes requested between Jan. 30 and Feb. 5 awaiting confirmation)

These requests will be reviewed after faculty's own incoming students requests, which means that it can take up to 3 weeks before you receive a final answer. In the meantime, and if the professor agrees, you can join the classes, but you need to be aware that if finally, you cannot be accepted for the course, you will need to stop attending.

Once you are accepted for the course, your host faculty will include the course in your matricula.

Make sure to check the timetable for each course to avoid clashes. The advantage of being able to choose courses from all our degrees and different years leads to the inconvenience of having to check the timetables carefully. In case the timetable partially clashes, the professor of the corresponding course is the only person who can authorize your non-attendance.

Spanish language course

Servicio de idiomas

If you are interested in taking a Spanish language course, you must contact our language service through: servicio.idiomas@uam.es

This language course awards you up to 4 ECTS through an official certificate but this course won't appear on your Transcript of Records. You must contact your Home University to make sure that this course meets your academic requirement. A small fee is payable for the Spanish for foreigners course.

Sign-up for the **placement test** and check the rest of information on:

SIGMA and Moodle

Academic and virtual campus

SIGMA: Academic platform used for student's official registration and course enrollment. Only the courses in your matrícula will be graded and included in your Transcript of Records.

Bear in mind that after February 16, you won't be able to make changes anymore. In case you are enrolled in a course and you decide to stop attending courses, the final grade for this course on your Transcript of Records will be "no evaluado", not evaluated. It won't affect the average grade for the other courses

Moodle: Online Learning Platform used by professors to share information with students and upload presentations.

Once you are enrolled in your courses in SIGMA by the International Relations Office, these will appear automatically in Moodle. Bear in mind that Moodle can take up to 48 hours to update. Professors can add students in Moodle for their courses, but this is not official, so always make sure that your courses appear correctly in SIGMA.

Matrícula 2023-24

Official enrolment document

Your "matricula" will include the courses you are officially taking at our university, and these will appear on your Transcript of Records.

If you are taking course(s) from another faculty, your host faculty is responsible for including the course(s) in your matrícula.

Remember that the Spanish language course, offered at Servicio de idiomas, will not be included in your matrícula. You must contact them to sign up for the course and request the corresponding 4 ECTS certificate after you have completed the course.

The group code on your matrícula for our faculty's courses will give you information about how and where to check the timetable.

<https://cutt.ly/2QsRLrg>

Under "Estudios" > "Horarios y aulas de clases" you will see the timetable per degree and courses.

Example: Group code: 226.

First digit will tell you the degree the course belongs to:

1XX = Grado en Administración y Dirección de Empresas

2XX = Grado en Economía

3XX = Grado en Turismo

4XX = Grado en Economía y Finanzas

5XX = Grado en Gestión Aeronáutica

7XX = Grado en Filosofía, Política y

Economía (Facultad de Filosofía y Letras)

Group code: X2X.

Second digit will tell you the year the course belongs to:

X1X = First-year course NOT AVAILABLE

X2X = Second year

X3X = Third year

X4X = Fourth year

Group code: XX6

Third digit 6, 7, 9

XX6 / XX7 = afternoon and evening classes

XX9 (coopera) NOT AVAILABLE

Spanish education system

Bachelor and master's degrees

The Spanish higher education system is a 4-year bachelor's degree and 1 or 2-year master's degree. This means that if you have finished a 3-year bachelor's degree at your home university and are in your 1st year master's degree, you might be interested in our 4th year bachelor courses.

Remember that for our bachelor courses no pre-approval is needed. You must check the pre-requisite in the course syllabus and your sign up is subject to availability of spots.

Bachelor's degrees:

- Economía
- Administración y Dirección de Empresas
- Analisis de Datos en la Empresa/Business Analytics ||NUEVO||
- Derecho y ADE
- Turismo
- Economía y Finanzas
- Gestión Aeronáutica
- Filosofía, Política y Economía.

However, to take our master courses, you must send in a separate application and only the master coordinators can accept you for the courses. Approval for the courses is based on your academic profile and availability of spots.

To apply for master courses, you must send in the following documents to:

ori.economicas@uam.es

Deadline first semester: 15/06/2023
Deadline second semester: 15/11/2023

- ✓ CV
- ✓ Transcript of courses taken at your home university
- ✓ Motivation letter for the courses you are requesting
- ✓ Language certificate
- ✓ Proof of being a master student at your home university

Master's degrees

- Máster Universitario en Administración de Empresas
- Máster Universitario en Análisis Económico Cuantitativo
- Máster Universitario en Contabilidad, Auditoría y sus efectos en los Mercados de Capitales
- Máster Universitario en Desarrollo Económico y Políticas Públicas
- Máster Universitario en Dirección de Marketing
- Máster Interuniversitario en Economía y Gestión de la Innovación

Classroom information

Horarios y aulas de clase: timetable and classroom information

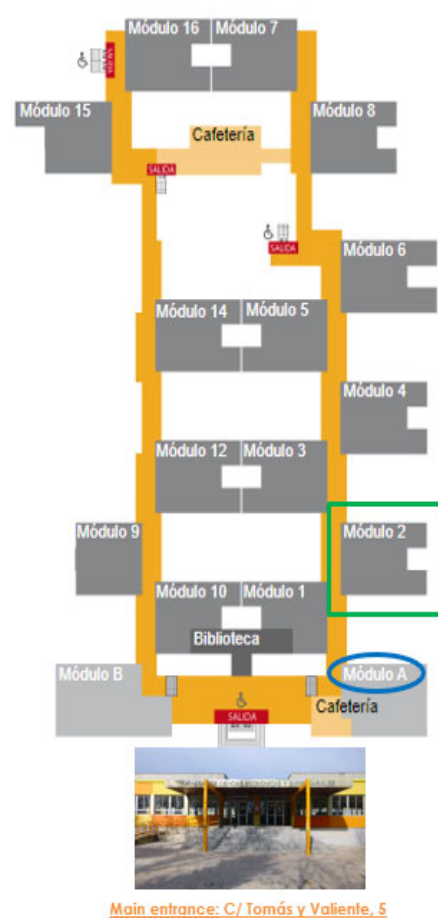

www.uam.es/economicas > Estudios > Horarios y aulas de clase

([link](#) to classrooms list per group) - aulas de docencia.pdf (to be updated)

Classroom information will be published a few days before the actual start date of classes on January 30th, 2024. We recommend you check this information for the latest update in the morning of January 30.

Our Faculty's building is divided into 16 sections (módulos) and on different floors. The classroom information will tell you where to locate it. The classroom is assigned to the group code and per degree, so for example, 16679 group 226, classroom 2-101. Classroom: 101 – first number of the classroom indicates on which floor it can be found. In this case, on the first floor. The International Relations Office is located in Modulo A.

Main entrance: C/ Tomás y Valiente, 5
