Study with us at UAM this SUMMER!
Universidad Autónoma de Madrid

Universidad Autónoma de Madrid (UAM) has approximately 30,000 students and is a leading university in Spain and amongst the best 200 universities in the world. It is a public university founded in 1968 and is organized into eight schools: Philosophy and Arts, Psychology, Law, Sciences, Business and Economics, Education, Engineering and Medicine. In 2009 it was declared International Excellence Campus, together with the Spanish Research Council (CSIC).

It is located in the north of Madrid, mostly around the Cantoblanco Campus. Facilities include, among others: several libraries, cafeterias, residence halls, a sports center and language services, all within a campus which is green and compact, caters to disabled students, and strives to be environmentally sustainable.

UAM has a strong international vocation, with around 2,000 international students every year from all over the world. Easy access to the city center in 20 minutes by commuter train makes the university an ideal place to experience life in one of Europe’s most vibrant cities.
Study Abroad in Madrid (SAM)

Study Abroad in Madrid (SAM) offers programs designed for international students who wish to improve their knowledge of the Spanish language, and culture and study special topics related to Spanish society.

SAM offers short as well as regular semester-long interdisciplinary courses taught in either Spanish or English, including tailor-made courses. The teaching staff is composed mainly of UAM Faculty.

Students receive diplomas or transcripts with official European credits (ECTS).

International Summer School at UAM

As part of its Study Abroad program the Universidad Autónoma de Madrid offers a range of short duration courses during the summer. The courses cover a wide variety of disciplines with a focus on Spain.

Most of the classes take place entirely at our Cantoblanco campus in Madrid and are combined with visits to relevant institutions. Some courses offer a combination of classes and activities in Madrid and other regions of Spain.

The International Summer School is directed primarily at international students but UAM students and other interested professionals are also most welcome.
1. Spanish Language and Culture

June 6th – July 1st

This course is a wonderful linguistic and cultural immersion opportunity for students of Spanish. Ideally, students would come with an A2 or B1 level to Madrid (students are grouped together according to their proficiency level in Spanish).

Students will have 20 hours of language and culture instruction per week, complemented by cultural visits guided by professors to the Prado Museum, the historic center of Madrid and its Royal Palace, a day-trip to Toledo, a typical tapas tour, and much more.
