Summary

I am attorney admitted to practice both in Spain (2004) and in New York (2009). During the first 6 years of my professional career, I was mainly devoted to transactional, including among others, M&A transactions, IPOs and other capital market transactions, corporate reorganizations, joint ventures, commercial contracts and insolvency.

Based on such previous transactional experience, I am a lawyer with an unusual cross-wise training and experience that allow me being in a superb position for advising and representing clients in complex multidisciplinary matters.

After 16 years of professional experience, I am a highly qualified litigation lawyer specialized in complex corporate disputes (litigation and arbitration) deriving from M&A transactions, shareholders agreements, private equity transactions, joint ventures, corporate liability actions, challenge of corporate resolutions, etc.

I have also broad experience in commercial and contractual litigation and arbitration in numerous sectors, such as the automotive sector, the industrial one, e-commerce, real estate or consumer law.

During the last years, I have advised several companies (as claimants and defendants) in antitrust litigation (i.e. private damage actions deriving from antitrust infringements, such as cartels).

My experience also spreads to construction and engineering complex disputes and the representation of different entities in unfair competition proceedings.

Experience

Hogan Lovells International LLP
Counsel Litigation and Arbitration
2008 - Present (13 years)

I am an experienced litigation attorney focused in corporate and commercial litigation and arbitration, constructions and engineering, antitrust litigation and unfair competition proceedings.

I am specialized in advising funds, private equity entities and companies belonging to different sectors in complex disputes and judicial proceedings deriving from corporate transactions.

I am focus in the automotive sector, representing some of the biggest manufacturers worldwide in commercial litigation deriving from distribution agreements, as well as in antitrust damage claims.

I have represented developers and construction companies, both national and international, and also pharma companies and producers of sanitary products. I also deal with insolvency proceedings and distressed acquisitions.
