Senior Associate Lawyer en DLA Piper
Madrid y alrededores

Extracto

I got my graduate in Law at Valladolid's University. Then I prepared the public examinations to access the judicial career. Before joining DLA Piper I had a magnificent experience working as a Public Prosecutor in Madrid and initiated my specialization in litigation.

DLA Piper improved my skills in litigation by managing civil and mercantile proceedings on behalf financial entities, multinationals, and also running high media profile litigation. Thanks to the international profile of DLA Piper I broad my international skills at multi jurisdiction litigation and working at the Italian desk set up in the firm.

Given my criminal law background and taking into account the new regulation for legal entities set forth in the Criminal Code, since 2010, I initiated my studies in compliance. I've worked along with important retail companies, pharmaceutics and financial entities in order to successfully implement the criminal compliance in said companies.

Currently, I'm also working on new lines of collaboration with clients and being a great support in their compliance duties.
