PROGRAMME

Get your day off to an inspiring start by listening to one of our uplifting keynote speakers over breakfast. Once you're all fired up, you'll join in the morning session of your course for the day. That might be a workshop, a lecture or a project depending on the course you choose. You'll then join the other festival-goers for a themed lunch in an informal, interactive setting. After lunch you'll dive back into your course. The evenings are devoted to the festival with plenty of fun and socializing.
