9. Now my University has nominated me, what should I do?

First, you need to register / **complete your on-line exchange student application** on the **SIGMA platform**. **Application periods for incoming students** are:

- o May 15th to June 15th, first semester (Fall) and full-year mobilities
- o until October 31st, second semester (Spring) mobilities

Please, make sure you have a recent photo (passport size picture) before you begin the process. Only .JPG image files are accepted. This is the only document you need to submit during the on-line application.

<https://secretaria-virtual.uam.es/Navegacion/InicioRegistro.movilidad.html>

There are **two sections**:

- a) you will need to register as a user, and then
- b) complete an application informing about:
 - a. Where you are coming from (home university)
 - b. The Faculty you are coming to (select Facultad de Ciencias Económicas y Empresariales or “Facultad de Económicas”).
 - c. What studies you are doing with us.
 - d. It is very important that you upload your photo correctly. If you do not do this, your application will not be processed.

Your admission letter will be emailed to you in approximately 3 weeks from our main mobility office: erasmus@uam.es or serim.movilidad@uam.es for the rest of exchange programmes.

Once your on-line application has been sent, make preparations about your Learning Agreement:

- Get ready to have your Learning Agreement approved. We *recommend* you to have a first version of your Learning Agreement before June 15 if you are a first-semester of full-year student; or before October 31st if you are a second semester student. If you have any questions relating to course content or adequacy, your academic coordinator is the right person to help you.
- Keep in mind **that our office does NOT need you to submit your Erasmus+ Learning Agreement**. In case your home university requires you to do so and you need a signature from our side on your Learning Agreement, email us with a copy of the document.
- If you are an exchange student from a non-Erasmus + institution, please follow the directions from our main Mobility Office (serim.movilidad@uam.es)
- **NOTE** that the subjects in your Learning Agreement may vary once the course selection process starts. In case you need us to sign your Learning Agreement, please mention that in your e-mail and we will have your academic coordinator at UAM sign it.

Full description of the nomination – application – registration procedures at UAM is available here:

<https://www.uam.es/uam/en/international/incoming/estudiantes>

We will provide you with additional information about how to select and book your courses / groups at the UAM Faculty of Economics, in due time.

10. How do I select my courses? (except for Free movers, Doble degree Paris-Dauphine or Master students)

- By late Spring, we will send you an email with a link to the course selection website (ori.feco.uam.es) where you can find all the courses available for international students. If you will only be here for the second semester, you will receive the information in November. Please, for better identification, use your real name and the same email address you used for Sigma when registering.
- The spots available for each course are different, and they will be filled in a **first-come-first-served** basis. This means that, once a course is full, no more international students will be accepted in it. Please, think of different options to complete your learning agreement.
- NOTE that you will see the code (five digits), name of the subject, and the group number (three digits). You will be able to locate the subject in the schedule by their code. There are different groups for each course, and they determine the hours they will be taught. **Attendance is often mandatory**, so make sure you don't have two courses at the same

time! Groups at the evening are less crowded. Please consider these courses, as the chances of having a spot in them are higher.

- The schedule for next year is not yet published, you will have it when we send you the information about ori.feco.uam.es
- Once you are finished, you will be able to print your course selection. Please, save that pdf file as proof. However, this is not your official registration (matrícula). There may be last-minute changes to courses that could affect your selection. If this happens, we will let you know as soon as possible and offer you other options.
- [Ori.feco.uam.es](http://ori.feco.uam.es) will be open for students during two periods: before the semester begins (June, for first-semester and full-year students; and November for second-semester and full-year students).
- Once classes start, students can attend their courses and make changes if needed during first week of classes. After this period, no changes will be allowed in your selection.

11. I am interested in courses from other Faculties, how to proceed?

- In case you are interested in taking courses from other Faculties, you should request them through the on-line form. This form will only be **active during a specific period** and you will be informed about the dates.

Some Faculties have important restrictions concerning the admission of additional students to their English-taught courses (specially Filosofía y Letras / Arts). Your application will be answered before the 3rd week of the semester.
- Admission to courses from a different Faculty might be subjected to specific limitations. Please see the section “Study contract” here:
