

Academic Committee for the Doctoral Programme

The Programme's Academic Committee carries out several tasks, including the following: drafting the verification or modification report of the PhD programme and propose it for approval by the University's competent bodies; organising activities aimed at research training, objectives and research lines of the programme; establishing merit assessment criteria for admitting students and deciding on the admission of applicants; establishing the coordination and tutelage system of the PhD students and assigning a tutor to each student who starts the PhD studies; assigning a thesis supervisor, who will be a PhD holder with accredited research experience and, where applicable, a co-supervisor; assessing, in every academic year, the PhD students' Research Proposal and Activities Document; monitoring the PhD Programme and suggesting improvement actions; proposing the content of specific sections for the issuance of the Diploma Supplement in question in Spanish and English; proposing to the Rector who will be the Programme Coordinator and inform EDUAM's Steering Committee of this; carrying out any other functions assigned by the University regarding the procedures related to the programme itself and the doctoral theses resulting therefrom.

Members

Committee created on 26/03/2021
