Multiculturality is a daily reality at the Université libre de Bruxelles (ULB) which is situated at the heart of Brussels, one of the world's most cosmopolitan cities. Our campuses provide a stimulating academic environment, offering our students a wide range of activities (sports, exhibitions, cultural events, student clubs and circles, etc.). The university's outward-looking position with regards to Europe and the world has resulted in a number of agreements, collaborations and special partnerships being set up with some of the world's top universities. Although ULB is a French-speaking university delivering most of its courses in French, a growing number of Master's degrees are partially or entirely delivered in English as well. ULB encompasses 12 faculties and schools offering a wide range of fields of study and disciplines.
