WELCOME TO THE UNIVERSITY OF LIÈGE!

Coming to the University of Liège (ULiège) for a study period or for a traineeship? Welcome!

We do our best to welcome you and offer you the best possible support to ensure that your stay at our university is a success, both on an academic and a personal point of view.

This guide provides all the useful information you need to prepare your stay but also to help you with the practical formalities during your stay at ULiège (administrative formalities, accommodation, transport, etc.).

We take this opportunity to introduce you to the university you will be attending for your stay. You will join a European university of almost 28,000 students, divided into 11 faculties and 4 campuses, including 25% international students. The University of Liège also has a 200-year history that goes right back to the Middle Ages. Today, ULiège relies on more than 200 years of knowledge transmission and development to ensure that it is internationally open and regionally engaged.

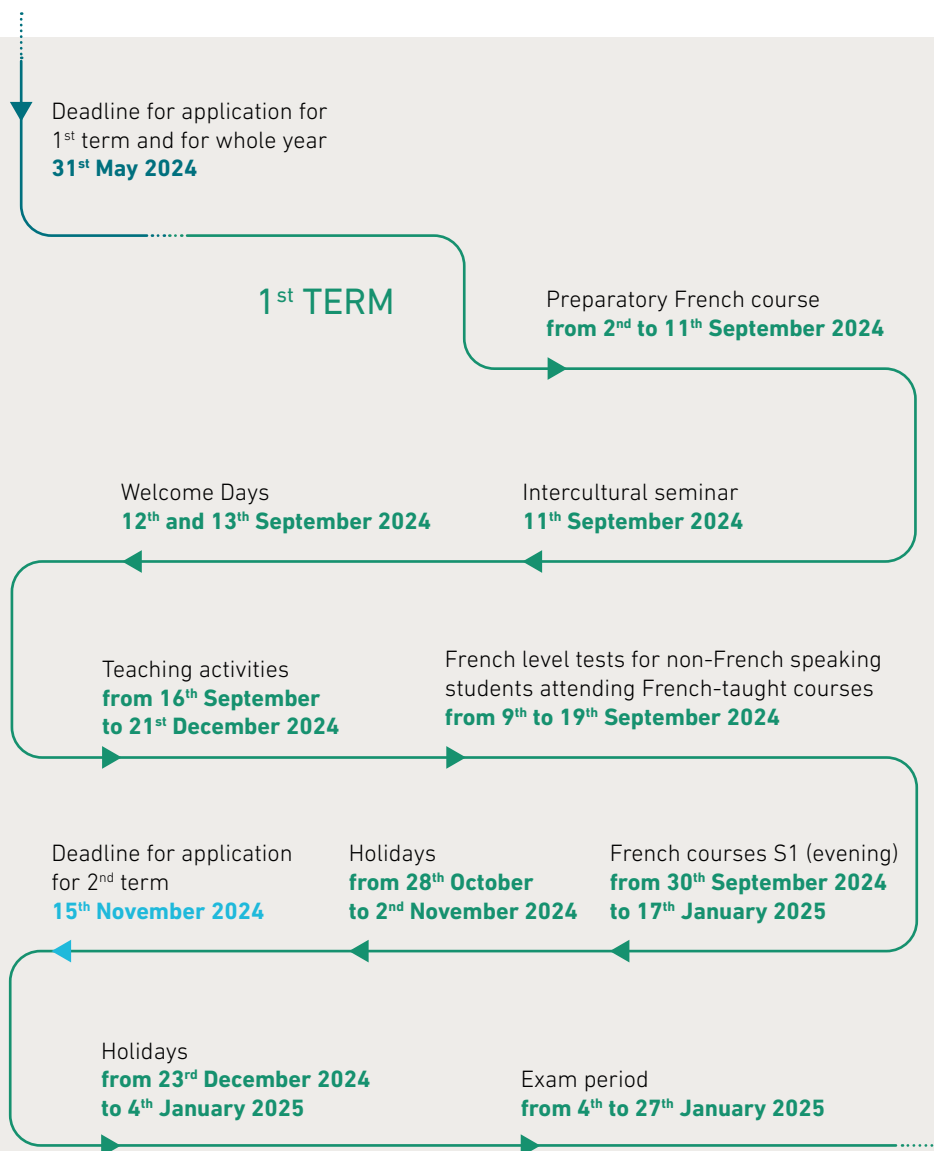

Ideally located in the heart of Europe, our university is active in the University of the Greater Region network with its partners in the cross-border area, and in a European University with the UNIC label.

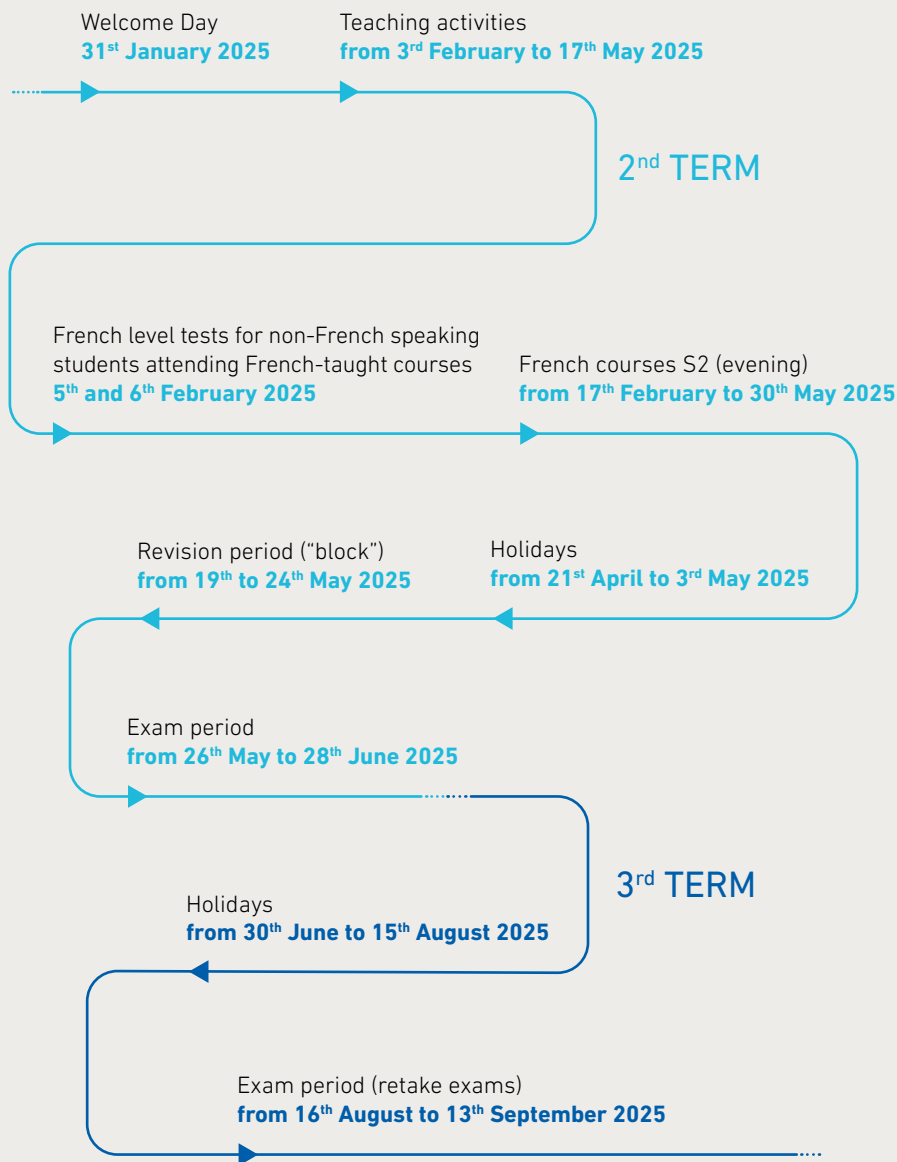

You are right to come to ULiège and we are at your service for anything that will be useful for your integration among us!

THE UNIVERSITY OF LIÈGE

1. THE UNIVERSITY OF LIÈGE

Training in all areas of knowledge, unique options, pushing boundaries and a major project: training competent, responsible and well-rounded professionals who are capable of anticipating change.

A COMMUNITY

The University of Liège is a crossroads for many career paths.

Almost 28,000 students study there every day: 23%, of whom are international students. More than 6,000 professors, lecturers, researchers and administration personnel are committed to teaching, research and the service of society. Enriched by its 200-year-old history and its community, the University of Liège will offer you all the tools you need to shape a successful future.

39 BACHELORS DEGREES, 194 MASTERS, 62 MASTERS WITH SPECIALIZATION, 26 MOOCS AND 184 CERTIFICATES

A complete university, the University of Liège offers 1st, 2nd and 3rd cycle programmes in all areas of knowledge, hundreds of options, specializations and free online programmes (trainings) thanks to the development of MOOCS and finally Lifelong learning. Many of the programmes have prestigious international accreditations which recognize the quality of teaching, research, infrastructure and supervision.

The training programmes are constantly evolving and new ones are proposed every year. You can carve out a unique career path here

A STATE-OF-THE-ART INFRASTRUCTURE FOR THE BENEFIT OF STUDENTS

University clinics, world-renowned research centres, (Cyclotron, Centre for Protein Engineering, the Liège Space Centre, GIGA, TERRA...), one of the most beautiful libraries in Europe and the biggest in Belgium, exceptional overseas equipment (Telescopes in Chile and Morocco, oceanographic and submarine research station in Corsica, a research station in the Swiss Alps...).

The University of Liège is developing and promoting multidisciplinary research excellence and its related teaching.

A FULFILLING ENVIRONMENT

Choosing to study at the University of Liège involves so much more than mere education...

It also offers you the opportunity to be curious, to be open to different forms of creation, to seek critical awareness of developments in society, to remain open to debate and to grow as part of a dynamic and tolerant community.

It is with pleasure that everyone can enjoy the many cultural activities offered on the campuses: cinema clubs, conferences, shows...

The University's sports club (ULiège Sports) has renewed its offer of more than 60 sports to the benefit of all and the Museum Center allows everyone to discover the collections of the institution and its partners! The 75 student associations will not miss the opportunity to invite you to make your contribution and to be involved in many initiatives.

SUPPORTIVE GUIDANCE

Students benefit from methodological support at every stage of their studies. Before, during and after their studies, the University of Liège supports its students. To help them succeed, develop their skills and successfully complete their projects.

Methodological support, help with subject understanding, individual coaching and group activities, online tools... from the preparatory courses before the start of the academic year right through entering the job market, students will always find an interlocutor ready to support them, whatever their situation.

AN INTERNATIONAL UNIVERSITY

Choosing the University of Liège means joining an international university that is open to the world and located at the heart of Europe.

The University of Liège offers its students more than 1,500 opportunities to study abroad, it welcomes 1000 students in the context of an exchange programme. Year after year, it proposes some full English or bilingual programmes as well as many joint degree programmes: 5 bachelor programmes, almost 60 joint masters and 10 masters Erasmus Mundus. Holder of the Erasmus+ Charter for the period 2021-2027, it also has a wealth of more than 60 years of expertise in matters of cooperation and development.

GREEN OFFICE

The Green Office is a sustainable development platform run by and for the ULiège community. It informs, connects and supports students in the development of concrete projects. The Green Office is for each member of the ULiège community who wishes to put his or her talent, creativity and a little/many time at the service of actions and projects to improve the sustainability of our university.

The Green Office's activities are diverse but all have the same objective: to educate and support the ULiège community towards a more sustainable lifestyle. It also offers challenges on the **UNI for Change** mobile application to help us improve our everyday habits.

3. STUDY PROGRAMMES

The course programme can be consulted at: www.programmes.uliege.be

BILINGUAL OR "FULL ENGLISH" STUDY PROGRAMMES

Language learning, just like student mobility, is a priority at the University of Liège. While all courses (teaching units) involve language courses, some courses are bilingual (French/English, French/German...) or are taught entirely in English.

📌 www.enseignement.uliege.be/prospective-student

THE TRADITIONAL UNIVERSITY CAREER

In Belgium, university studies are in line with the European model. They are organised into three cycles: bachelor's, master's and doctorate. The average academic studies are carried out in 2 cycles, generally in 5 years (bachelor + master).

📌 www.enseignement.uliege.be/etudes

EXAMINATIONS

Within the same academic year students can take two examinations on the same teaching unit (course).

Exams are organised by the Faculties during the three periods decided by the Board of Directors (see the academic calendar). The 1st and 2nd periods are called 1st session (January and June). The 3rd period is called the 2nd session (August-September).

By way of derogation, Faculties can decide on special examination modalities for exchange students. In this case the exchange student must get in touch with the involved professors and the departmental coordinator at the beginning of term.

The result of each assessment is indicated by a figure between 0 and 20, with 10 out of 20 being the pass threshold for each teaching unit.

Marks received at ULiège are transferred to your home university by your ULiège departmental coordinator. The grade distribution table is sent with your transcript of records. You will find the general table for ULiège on our webpage.

📌 www.international.uliege.be/en/erasmus-in-exams

We wish to remind you that, although your results will be validated in your home university, while in Liège, you are subject to the regulations governing study and examination at ULiège. Your departmental coordinator will answer your questions in this regard. We particularly insist that you read the information about plagiarism that should be quite useful when you write papers.

 www.enseignement.uliege.be/etudiant/plagiat (internal webpage only available after your registration at ULiège and accessible with your ULiège ID and your password).

4. ACADEMIC CALENDAR

The university year is divided into three terms. Teaching and learning activities occur during (one of) the first two terms. They are followed by assessment periods.

The third term includes assessment periods, personal research and production of essays, as well as professional insertion activities.

The academic calendar for 2024-2025 is available on

 www.enseignement.uliege.be/calendrier-academique

 **It's very important to be on time at the beginning of each term.**

LANGUAGE TRAINING

1. FRENCH COURSES

LANGUAGE REQUIREMENTS

At the University of Liège courses are in most cases taught in French. Exchange students therefore need to have sufficient proficiency of the language, both written and oral, to understand courses and to take part effectively in seminars and practicals.

Therefore we ask students **who follow courses given in French** to join to their application form a document testifying their level of French. The minimal required level is B1 (B2 for HEC Liège) according to the Common European Framework of Reference.

Next to this proof of language, at their arrival, **non French-speaking students who take courses in French** have to take a compulsory online test in French to attest their proficiency. The results are sent to departmental coordinators.

Dates for the online French tests:

- for the 1st term: from **9th to 19th September 2024**
- for the 2nd term: **5th and 6th February 2025**

For courses taught in English a B1 certificate is required (B2 for HEC Liège).

IN LIÈGE

In Liège, French preparatory courses (before the beginning of the 1st term) and French courses (during the academic year) are organised by the "Département de français de l'Institut supérieur des Langues Vivantes (ISLV)".

1 | Preparatory course

1st term preparatory course: **from 2nd to 11th September 2024** (no ECTS) 100€ charge for exchange students.

2 | Courses during the year

For students who would like to follow a French course during their exchange in Liège, the compulsory test will be used to evaluate their level in order to create the groups for the courses.

- S1 = 1st term evening classes: **from 30th September 2024 to 17th January 2025**
- S2 = 2nd term evening classes: **from 17th February to 30th May 2025**

60 hours of class : 2x2hours per week and online module.

- S1 or S2 = 5 ECTS
- S1 + S2 = 10 ECTS if satisfactory result for the final evaluation of S1.

⚠ Levels: from A1 to B2+. C1 level is only organised in the second term. The C2 is not on offer.

Fees

- Free for ULiège exchange students who have the French language course on their Learning Agreement.
- 100€/term for other students.

3 | Fully online courses

100% online course with experienced French teachers, available to all. Elementary (A1-A2) and intermediate (B1-B2) levels.

- 1st term: **from 7th October to 20th December 2024**
- 2nd term: **from 5th March to 23rd May 2025**

HEALTH INSURANCE AND HEALTH CARE

Individual health insurance is **compulsory** in Belgium. Therefore, if they are not registered with a health care insurance in their home countries and valid in Belgium, students have to subscribe to the **health insurance** of their choice.

📍 Map of Liège city centre 234567

- **If you are from an EEA country** (EU + Iceland, Liechtenstein and Norway) and if you are insured through your own national health service, before leaving your home country, you should ask for the **European health insurance card**. This covers you in case of illness abroad. The period of validity may differ from one country to another and is maximum two years.

However, if you need to see a doctor in Belgium, it will be more convenient to subscribe to a Belgian health insurance so as to get about 75% of the medical costs paid back to you. The balance could be paid by your health insurance in your home country.

- **If you are from a non-EEA country**, you **must** have social coverage to stay in Belgium, either through comprehensive insurance policy taken out in your country of origin, or in Belgium.

In addition, through their registration at ULiège, **all university students** get civil liability and physical insurance coverage for any accident related to their university activities, at home and abroad.

If you want to take a health insurance (mutuelle) in Belgium, you will have to do it after your arrival in Liège, it is not possible to do it before. You will receive the necessary information in your Welcome Pack.

2. BUDDY PROGRAM

The first days in a new environment are always difficult. You have to find your bearings, meet new fellow students, locate rooms and all sorts of necessary information... This necessary adaptation process takes time and energy.

ULiège has set up a Buddy Program in which local students offer their help and support to newcomers – show them the city, the university, and contribute to their smooth integration into the local life.

The International Office can provide the names and contacts of local students involved in this scheme, but will not interfere in your meetings.

If you are interested, please complete the form:

 www.international.uliege.be/en/erasmus-in-buddy-request

3. myULIÈGE, INTERNET AND EMAIL ACCESS

myULIÈGE

myULiège is a must-have tool for ULiège students as it is their main access to online resources. A lot of information is available: course material, some news (information about the courses but also about leisure, sports, cultural activities...) and some forums for exchange among and between students and teaching staff. The classified ads are quite open (from party announcements to call for help).

Once registered as exchange student, you can change your datas (address, phone number).

Once your courses programme has been validate by your departmental coordinator, you can:

- access to your timetable and classrooms
- access to the course material (ppt, course's notes, infos...)
- check you examination results
- select what examinations to resit

HOW?

Through the ULiège ID number and password received after your registration at the International Office.

INTERNET

Once your myULiège account is activated, you can browse on the Internet and check your email from a computer, smartphone or tablet.

INITIATING AN EMAIL ADDRESS

The University offers email address for free on the pattern
fistname.name@student.uliege.be

It is automatically created with the activation of myULiège.

You have the possibility to forward your ULiège email address to another email address of your choice.

At your arrival, you will received in your Welcome Pack a document which explains how work myULiège and the other platforms used for classes (ecampus, Lola, etc.).

4. LIBRARIES AT ULIÈGE

ULiège Library offers a large range of services to students, teachers, researchers and staff in terms of documentation and scientific publications. All of ULiège's documentary resources, whether paper or electronic, are accessible via the single search interface lib.uliege.be.

ULiège Library's 17 locations, on all university campuses, provide study and work spaces close to services and collections: more than 2,200 seats, evening opening until 9p.m. and Saturday opening for the three largest locations, collaborative work rooms, etc.

ULiège Library offers a number of services to students, including training and tutorials (<https://lib.uliege.be/fr/support/besoin-daide/formations>) and a variety of remote channels for personalised help (<https://lib.uliege.be/fr/contacts>): telephone, email, chat, FAQs.

Want to find out more? Need practical information (how to get there, opening times, etc.)?

5. STUDENTS' ASSOCIATIONS

FÉDÉ

The objectives of the "Fédération des étudiants" (Fédé) are to represent and inform students, and to defend their interests, to offer services, and to provide support in the students' academic life.

It supports various cultural initiatives, socially involved projects and entertainment activities. Along the same lines the Fédé also supports students' associations that apply about interesting initiatives they have developed.

Each faculty also has several students' associations. Ask fellow students or the Fédé:

6. 48 FM - THE STUDENTS' RADIO

"48 FM" (a name inspired by the bus line to Sart Tilman) has promoted a student radio in the heart of the city.

Broadcast on 100.1 FM, DAB+ and streaming, the radio station currently relies on a team of more than 100 volunteers (presenters, journalists, technicians, etc.).

48 FM is constantly welcoming new participants. You will be able to try your hand at audiovisual practice, meet other students and share the themes that fascinate you.

You don't speak French yet? No problem, foreign language contents are welcome. You will also be free to develop your project at your own pace.

Do not hesitate and join the 48 FM team!

7. BANK ACCOUNT

If you choose to open a bank account in Belgium you had better do so at once. Banks usually require the following documents:

- a passport or identity card
- an address in Liège and in your home country (official document)
- a certificate from the International Office of ULiège
- residence certificate for students from countries outside the EU

📍 **Map of Liège city centre** ③④⑤

PRACTICAL TIPS

1. IN LIÈGE

THE CITY OF LIÈGE

Liège is located in the French-speaking part of the country, of which it is the most significant city.

Liège is a child of the river Meuse. Take your time to discover this multi-faced city and its many neighbourhoods, which are like so many small villages. On Sunday mornings go and stroll through the “Batte”, the longest market in Europe, along the river.

Some interesting websites:

www.visitezliege.be
www.liege.be
www.escapades.be
visitwallonia.be

VISIT THE PROVINCE OF LIÈGE

With the great asset of a central position, the Province of Liège is close to lots of great places and can rely on easy access thanks to several means of transport: a fast-train station, an airport, and a motorway network.

All over the year, but particularly when the sun is shining, you can enjoy a variety of walks and hikes. Next to the extended network of ways that are exclusively dedicated to walkers and cyclists (RAVeL), you can explore over 5,000 km of signposted walks (see <https://ravel.wallonie.be/home.html>)!

Many cultural events are also staged, such as the International Festival of Crime Movie (Film Policier), and a number of music festivals. Popular gatherings all punctuate the year, for instance Retrouvailles (with over 300 associations in all fields from sports to politics and from drama to healthcare presenting their activities), the “Fêtes de Wallonie”, the funfair in October (“Foire d’octobre”). Night life is in itself an attraction, with dozens and dozens of cafés and restaurants, cinemas, concerts and performances that make Liège such a lively city.

ACCESS ROUTES

BY TRAIN

Liège is accessible by train mainly from the Guillemins Railway Station, from where a regular bus service takes you to the town centre (lines 1, 4, 30, 27, 48) and to the Sart Tilman campus (lines 48 and 58).

 www.belgiantrain.be

 **Map of Liège city centre** 

BY PLANE

Brussels Airport (Zaventem) is located near Brussels. It is possible to travel (with a change in Leuven) by rail from Brussels to Liège.

 www.brusselsairport.be

From Brussels South Charleroi Airport you can take busses, coaches and trains leaving from Charleroi (the station is 7 km away from the airport and there is a shuttle).

 www.brussels-charleroi-airport.com

Liège Airport, also called Liège-Bierset, is located in the North-West of the city of Liège. From the airport, you can take a shuttle or a bus (53, 57) to reach the city centre of Liège.

ACCOMMODATION

Before looking for accommodation, be sure to check where your faculty is located. There are 3 faculties in the city centre: the Faculty of Philosophy and Letters, HEC-École de Gestion and the Faculty of Architecture. The other faculties are located at Sart Tilman and this campus is accessible by bus (see map).

PRIVATE ACCOMMODATION

In Liège, a student's bedsit is called a "kot". It's an individual room, generally furnished and rented out by the landlord. Usually there are several kots in the same building. Students share facilities such as toilets, bathroom and kitchen. A room can also belong to the landlord's house, and the student will then share some facilities. Students can also choose fully independent lodgings (studios, flats, or even houses). The price for a furnished kot is around 400€/month, additional costs not included.

A private accommodation database maintained by the University of Liège is available on

www.vivastreet.be

www.greatkot.be

www.airbnb.be

www.ikot.be

Be careful, the price can be presented in two different ways: either it only includes the rent, or it includes all or part of the charges. To ensure a good quality of accommodation and to ensure that you have time to compare prices, it is preferable to arrive in Liège one or two weeks before the start of the academic year. It's better to wait until you have arrived before making your choice. Please note! It's advisable not to pay for accommodation before you've checked it out, or to be sure you're not dealing with a scam. Be very careful, and read the rental agreement carefully, especially for duration of the rent. If you are planning to rent out your property on a sublet basis, make sure your lease allows for this. A jurist from "Consulex" can help and advise you for free. For this, contact the International Office.

CULTURAL ACTIVITIES: SO MUCH TO FIND OUT ABOUT!

The University constantly has interesting events on offer! Festivals, concerts, exhibitions, films, encounters with artists or writers, theatre performances, improv shows, photo workshops, lectures, scientific activities, social discussions...

Culture is for everyone! Enjoy!

The museum and cultural centre of ULiège invites you to discover its museums all year long and opens its scientific collections during specific events. We have a lot to surprise you! Want a sneakpeak? Watch the videos on www.musees.uliege.be/videos

Enjoy also the permanent or occasional special rates and our invitations for the cultural events that we negotiate with external partners for our students: theater, opera, cinema, circus, dance, VR, concerts...

Find all offers on the website my.culture.uliege.be and in the Tuesday morning "Agenda ULiège" newsletter.

Note also that a special rate for students is available in many institutions for their entire programme. The Théâtre de Liège, the Opéra and the cinemas Grignoux are particularly concerned about young people. City's museums are free until the age of 26.
