WELCOME TO THE UNIVERSITY OF LIÈGE!

Welcome to the University of Liège! Whether you are here to take classes and study or for a traineeship, it is our hope that your stay at ULiège will be a success, both on the academic and personal level.

This guide provides useful information to prepare your stay and to help you with the practical formalities during your stay at ULiège (administrative formalities, accommodation, transport, etc.).

We are pleased to welcome you to ULiège, a European university of almost 28,000 students, divided into 11 faculties and 4 campuses, including 25% international students. The University of Liège also has a 200-year history that goes right back to the Middle Ages. Today, ULiège relies on more than 200 years of knowledge transmission and development to ensure that it is internationally open and regionally engaged.

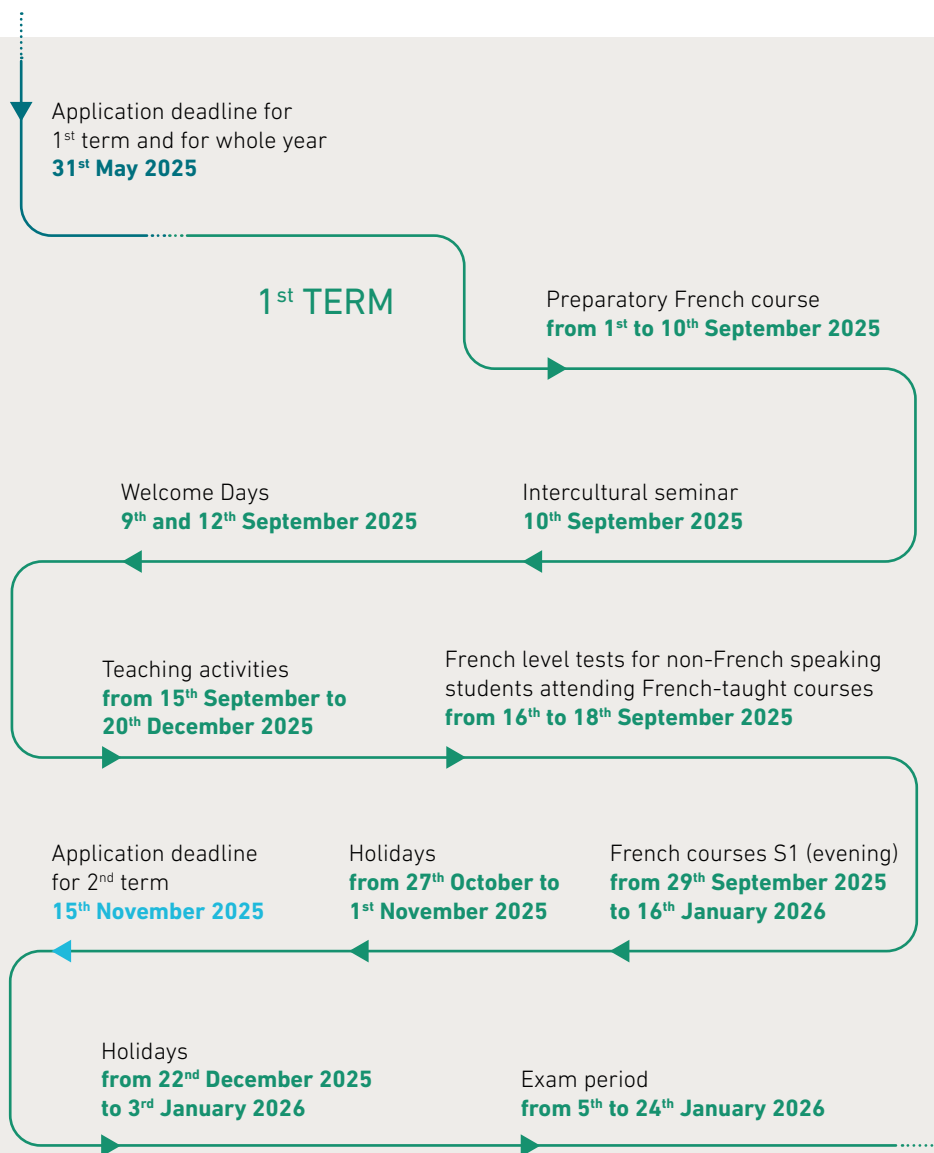

Ideally located in the heart of Europe, our university is active in the University of the Greater Region network with its partners in the cross-border area, and in a European University Alliance, called UNIC. It is also participating within 10 Erasmus Mundus Masters programs with international partners in various fields of studies, and since 2015 has been taking part in the International Credit Mobility program, which supports partnerships with different institutions outside the European Union.

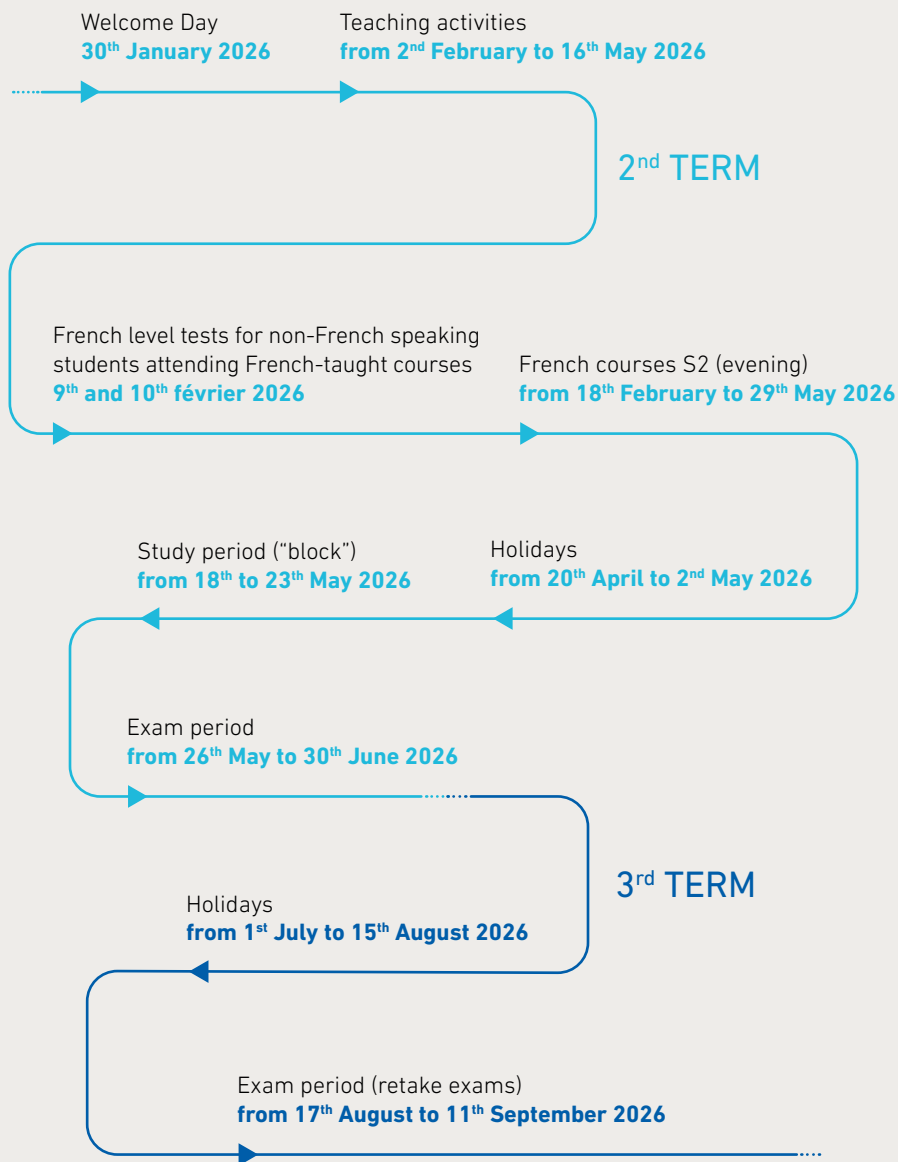

We are available for anything you may need to ensure you have great stay. We hope you enjoy your time here at ULiège.

THE UNIVERSITY OF LIÈGE

1. THE UNIVERSITY OF LIÈGE

COMMUNITY

The University of Liège is a crossroads for many career paths.

Almost 27000 students study here every day: 25% of whom are international students. More than 5000 professors, lecturers, researchers and administrative personnel are committed to teaching, research and the service of society. Enriched by its 200-year-old history and its community, the University of Liège will offer you all the tools you need to shape a successful future.

39 BACHELORS DEGREES, 193 MASTERS, 62 MASTERS WITH SPECIALIZATION, 29 MOOCS AND 190 CERTIFICATES

A complete university, the University of Liège offers 1st, 2nd and 3rd cycle programmes in all areas of knowledge. Hundreds of course options, specializations and free online programmes (trainings) are offered thanks to the developpement of MOOCS and Continuing Education. Many of the programmes have prestigious international accreditations highlighting the quality of the teaching, research, infrastructure and supervision available.

The training programmes are constantly evolving and new ones are proposed every year. You can carve out a unique career path here.

STATE-OF-THE-ART INFRASTRUCTURE

University clinics, world-renowned research centres, (Cyclotron, Centre for Protein Engineering, the Liège Space Centre, GIGA, TERRA...), one of the most beautiful libraries in Europe and the biggest in Belgium, exceptional overseas equipment (Telescopes in Chile and Morocco, oceanographic and submarine research station in Corsica, a research station in the Swiss Alps...) these are just a few of the numerous infrastructures available to students.

The University of Liège develops and promotes multidisciplinary research excellence and its related teaching.

A FULFILLING ENVIRONMENT

Choosing to study at the University of Liège involves so much more than mere education...

Everyone is invited to enjoy the many cultural activities offered on the campuses: cinema clubs, conferences, shows...

The University's sports club (ULiège Sports) offers almost 70 sports which are open to everyone, and the Museum Center offers the opportunity to discover the collections of the institution and its partners! With 75 student associations available, do not miss your change to make your mark and get involved in different organisations.

SUPPORT AND GUIDANCE

Students benefit from methodological support at every stage of their studies. Before, during and after their studies, the University of Liège offers support to help students succeed, develop their skills and successfully complete their projects.

AN INTERNATIONAL UNIVERSITY

Choosing the University of Liège means joining an international university that is open to the world and located at the heart of Europe.

The University of Liège offers its students more than 1,500 opportunities to study abroad, it welcomes over 1000 students each year in the context of an exchange programme. Year after year, full English or bilingual programmes as well as many joint degree programmes but also and programs organized in collaboration with international partners are offered, including 4 bachelor programmes, almost 70 joint masters and 9 masters Erasmus Mundus. Holder of the Erasmus+ Charter for the period 2021-2027, ULiège also boasts more than 60 years of expertise in matters of cooperation and development.

A SUSTAINABLE UNIVERSITY

Aware of its responsibilities and keen to make a significant contribution to building a desirable future, ULiège is committed to and supports the transition towards environmentally and socially sustainable paths. It has incorporated a 'Sustainability and Transition' course into all its bachelor's degree programmes.

The Green Office is a sustainable development platform run by and for the ULiège community. It informs, connects and supports students in the development of concrete projects. The Green Office is for each member of the ULiège community who wishes to put his or her talent, creativity and time at the service of actions and projects to improve the sustainability of our university.

The Green Office's activities are diverse but all have the same objective: to educate and support the ULiège community towards a more sustainable lifestyle. It also offers challenges on the **UNI for Change** mobile application to help us improve our everyday habits.

3. STUDY PROGRAMMES

Course programmes can be consulted at: www.programmes.uliege.be

BILINGUAL OR "FULL ENGLISH" STUDY PROGRAMMES

Language learning, just like student mobility, is a priority at the University of Liège. While all courses (teaching units) involve language courses, some courses are bilingual (French/English, French/German...) or are taught entirely in English.

📌 www.enseignement.uliege.be/international-programmes

THE TRADITIONAL UNIVERSITY CAREER

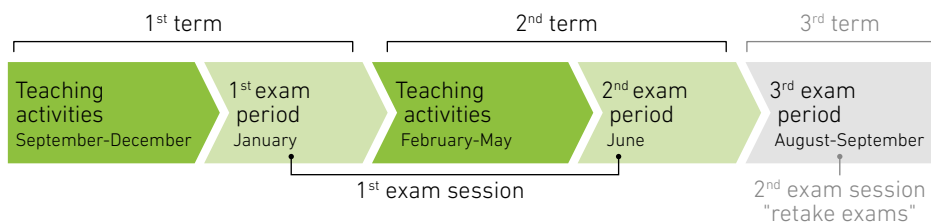

In Belgium, university studies are in line with the European model. They are organised into three cycles: bachelor's, master's and doctorate. The average academic studies are carried out in 2 cycles, generally in 5 years (bachelor + master).

📌 www.enseignement.uliege.be/etudes

EXAMINATIONS

Within the same academic year students can take two examinations on the same teaching unit (course).

Exams are organised by the Faculties during three periods decided by the Board of Directors (see the academic calendar). The 1st and 2nd periods are called "the 1st session" (January and June). The 3rd period is called the 2nd session (August-September).

By way of derogation, Faculties can decide on special examination modalities for exchange students. In this case the exchange student must get in touch with the involved professors and the departmental coordinator at the beginning of term.

The result of each assessment is indicated by a figure between 0 and 20, with 10 out of 20 being the pass threshold for each teaching unit.

Marks received at ULiège are transferred to your home university by your ULiège departmental coordinator. The grade distribution table is sent with your transcript of records. You will find the general table for ULiège on our webpage.

📌 www.international.uliege.be/en/erasmus-in-exams

We wish to remind you that, although your results will be validated in your home university, while in Liège, you are subject to the university's regulations governing study and examination. Your departmental coordinator can answer specific questions relating to examinations. We strongly encourage that you read the information about plagiarism that should be quite useful when you write papers.

 www.enseignement.uliege.be/etudiant/plagiat (internal webpage only available after your registration at ULiège and accessible with your ULiège ID and your password).

4. ACADEMIC CALENDAR

The university year is divided into three terms, with the exception of certain assessments, work placements, projects or professional integration activities. Teaching and learning activities occur during (one of) the first two terms. They are followed by assessment periods.

The third term includes assessment periods, personal research and production of essays, as well as professional insertion activities.

The academic calendar for 2025-2026 is available on

LANGUAGE TRAINING

1. FRENCH COURSES

LANGUAGE REQUIREMENTS

At the University of Liège most courses are taught in French. Exchange students therefore need to have sufficient language proficiency, both written and oral, to understand courses and to effectively take part in seminars and tutorials.

Students **who plan to take a course in French**, must include proof of language proficiency to their university application. The minimal required level is B1 (B2 for HEC Liège) according to the Common European Framework of Reference.

Upon arrival and in addition to a language proficiency certificate, **non French-speaking students who take courses in French** have to take a compulsory online test in French to attest their proficiency. The results are sent to departmental coordinators.

Dates for the online French tests:

- for the 1st term: from **6th to 18th September 2025**
- for the 2nd term: **9th and 10th February 2026**

For courses taught in English a B1 certificate is required (B2 for HEC Liège).

HEALTH INSURANCE AND HEALTH CARE

Individual health insurance is **compulsory** in Belgium. If you are not registered with a health care insurance provider in your home country which covers your stay in Belgium, you must subscribe to a **health insurance** provider in Belgium.

📍 Map of Liège city centre 234567

- **If you are from an EEA country** (EU + Iceland, Liechtenstein and Norway) and if you are insured through your own national health service, before leaving your home country, you should ask for the **European health insurance card**. This covers you in case of illness abroad. The period of validity may differ from one country to another and is a maximum of two years.

However, if you need to see a doctor in Belgium, it will be more convenient to register with a Belgian health insurance provider so as to get about 75% of the medical costs paid back to you. The balance could be paid by your health insurance in your home country.

- **If you are from a non-EEA country**, you **must** have coverage to stay in Belgium, either through comprehensive insurance policy taken out in your country of origin, or in Belgium.

In addition, through their registration at ULiège, **all university students** get civil liability and physical insurance coverage for any accident related to their university activities, at home and abroad.

If you want to subscribe to a health insurance (mutuelle) in Belgium, you will have to do it after your arrival in Liège, it is not possible to do it before. You will receive the necessary information in your Welcome Pack.

2. BUDDY PROGRAM

The first days in a new environment are always difficult. You have to find your bearings, meet new students, locate rooms and complete important documents. This necessary adaptation process takes time and energy.

ULiège has set up a Buddy Program in which local students offer their help and support to newcomers – show them the city, the university, and contribute to their smooth integration into the local life.

The International Office can provide the names and contacts of local students involved in this programme.

If you are interested, please complete the form:

 www.international.uliege.be/en/erasmus-in-buddy-request

3. myULIÈGE, INTERNET AND EMAIL ACCESS

myULIÈGE

myULiège is a must-have tool for ULiège students as it is the main access to online resources. A lot of information is available: course materials, important news such as information about the courses but also about leisure, sports, cultural activities... and discussion forums among and between students and teaching staff. The classified ads are also quite vaste (from party announcements to requests for help).

Once registered as exchange student, you can update your data (address, phone number).

Once your course programme has been validate by your departmental coordinator, you can:

- access to your timetable and classrooms
- access the course material (ppt, course's notes, infos...)
- check you examination results
- select what examinations to resit

ACCESS

Access can be obtained through the ULiège ID number and password received after you registration at the International Office.

INTERNET

Once your myULiège account is activated, you can browse the Internet and check your email from a computer, smartphone or tablet.

SETTING UP AN EMAIL ADDRESS

The University offers each student a free email address based on their registration name: **firstname.name@student.uliege.be**

It is automatically created with the activation of myULiège.

You have the possibility to forward your ULiège email address to another email address of your choice.

In your Welcome Pack which you will receive upon arrival, you will be given a document which explains how to use myULiège and the other platforms used for classes (ecampus, Lola, etc.).

4. LIBRARIES AT ULIÈGE

ULiège Library offers a large range of services to students, teachers, researchers and staff in terms of documentation and scientific publications. All of ULiège's documentary resources, whether paper or electronic, are accessible via the single search interface **lib.uliege.be**.

ULiège Library's 16 locations, on all university campuses, provide study and work spaces close to services and collections: more than 2,200 seats, evening opening until 9p.m. and Saturday opening for the three largest locations, collaborative work rooms, etc.

ULiège Library offers a number of services to students, including training and tutorials (<https://lib.uliege.be/fr/support/besoin-daide/formations>) and a variety of remote channels for personalised help (<https://lib.uliege.be/fr/contacts>): telephone, email, chat, FAQs.

Want to find out more? Need practical information (how to get there, opening times, etc.)?

5. STUDENTS' ASSOCIATIONS

FÉDÉ

The objectives of the "Fédération des étudiants" (Fédé) are to represent and inform students, and to defend their interests, to offer services, and to provide support in the students' academic lives.

They supports various cultural initiatives, socially involved projects and entertainment activities. Along the same lines the Fédé also supports students' associations created for and by students developing unique initiatives based on collective interests.

Each faculty also has several students' associations. Ask fellow students or the Fédé:

6. 48 FM - THE STUDENTS' RADIO

"48 FM" (a name inspired by the former "48" bus line to Sart Tilman) is a student radio in the heart of the city.

Broadcast on 100.1 FM, DAB+ and streaming, the radio station currently relies on a team of more than 100 volunteers (presenters, journalists, technicians, etc.).

48 FM is constantly welcoming new participants. You will be able to try your hand at audiovisual practice, meet other students and share the themes that fascinate you.

Don't speak French yet? No problem, foreign language content is welcome. You are also free to develop a project at your own pace.

PRACTICAL TIPS

1. LIÈGE

THE CITY OF LIÈGE

Liege is the largest city in the French-speaking part of Belgium. Located in the eastern region of the country, it sits on the Meuse river. This folkloric, historic and multifaced city invites you to discover one of its many neighbourhoods which are more like small villages. On Sunday morning, stroll through "La Batte", the longest running, open-air market in Europe, set up along the riverbanks.

Some interesting websites:

www.liege.be
www.escapades.be
visitwallonia.be

VISIT THE PROVINCE OF LIÈGE

At the crossroads between The Netherlands, Germany and Flanders (the Dutch-speaking part of Belgium), the Province of Liege is easily accessible by all modes of transportation, including a high-speed rail station and an airport.

Throughout the year, but particularly when the sun is shining, you can enjoy a variety of walks and hikes. In addition to a large network of paths and trails, exclusively dedicated to walkers and cyclists (RAVeL), you can explore over 5,000 km of signposted walks (see <https://ravel.wallonie.be/home.html>)!

Many cultural events are also hosted each year, such as the International Festival of Crime Movie (Film Policier), and a number of music festivals. Popular gatherings include, Retrouvailles (with over 300 associations in all fields from sports to politics and from drama to healthcare presenting their activities), the "Fêtes de Wallonie", and the funfair in October ("Foire d'octobre"). Night life is in itself an attraction, with dozens and dozens of cafés and restaurants, cinemas, concerts and performances that make Liège a very lively city.

GETTING AROUND LIÈGE

BY TRAIN

Liège is accessible by train mainly from the Guillemins Railway Station, from where a regular bus and tram service takes you to the town centre and to the Sart Tilman campus.

BY PLANE

Brussels Airport (Zaventem) is located near Brussels. It is possible to travel by rail from Brussels to Liège-Guillemins (Luik-Guillemins).

ACCOMMODATION

Before looking for accommodation, be sure to check where your faculty is located. There are 3 faculties in the city centre: the Faculty of Philosophy and Letters, HEC-École de Gestion and the Faculty of Architecture. The other faculties are located on the Sart Tilman campus which is accessible by bus (see map).

PRIVATE ACCOMMODATION

In Liège, a student's bedsit is called a "kot". It's an individual room, generally furnished and rented out by the landlord. Usually there are several kots in the same building. Students share facilities such as toilets, bathroom and kitchen. A room can also be located in a landlord's house, with shared facilities. Students can also choose fully independent lodgings (studios, flats, or even houses). The price for a furnished kot is around 400€/month, additional costs not included.

A private accommodation database maintained by the University of Liège is available on

www.vivastreet.be

www.greatkot.be

www.airbnb.be

www.ikot.be

It is important to note that the price can be presented in two different ways: either it only includes the rent, or it includes rent and all or part of the utility charges. To ensure a good quality of accommodation and that you have time to compare prices, it is preferable to arrive in Liège one or two weeks before the start of the academic year. It's better to wait until you have arrived before making your choice. Please note! It's advisable not to pay for accommodation before you've seen it in person, to be sure you're not dealing with a scam. Be very careful, and read the rental agreement carefully, especially for duration of the rent. If you are planning to rent out your property on a sublet basis, make sure your lease allows for this. A jurist from "Consulex" can help and advise you for free. Contact the International Office for more information.

CULTURAL ACTIVITIES: SO MUCH TO DISCOVER!

The University constantly has interesting events on offer! Festivals, concerts, exhibitions, films, encounters with artists or writers, theatre performances, improv shows, photo workshops, lectures, scientific activities, social discussions...

Culture is for everyone! Enjoy!

The museum and cultural centre of ULiège invites you to discover its museums all year long and opens its scientific collections during specific events. We have a lot to surprise you! Want a sneakpeak? Watch the videos on www.musees.uliege.be/videos

ULiège has negotiated occasional or permanent "student rates" for cultural events throughout the year: theater, opera, cinema: theater, opera, cinema, circus, dance, VR, concerts...

Find all offers on the website my.culture.uliege.be and in the Tuesday morning "Agenda ULiège" newsletter.

Note that a special student rate is available for all events or exhibits at many institutions in the city. The Theatre de Liege, the Opera and the Gringnoux cinema offer deals for young people. City's museums are free until the age of 26.
