STUDYING AT NKUA

Course information: The up-to-date online course catalogue is available approximately two months before the beginning of each semester. To get an idea of the offered courses, students should consult the catalogue of previous years and faculty websites.

Erasmus+ students should choose courses mainly from their registration Department. In addition, they can choose up to two courses from another Department of NKUA after having firstly the approval of both academic coordinators (home and host) and the Professor(s), who teaches the course(s).

Online course catalogue: Most courses are conducted in the Greek language. In various Departments there are courses offered in English (and/or in other languages). In Departments that courses are conducted only/mainly in Greek, there are special arrangements for the Erasmus+ students. The most common one is the assignment of essays written in English with the use of English bibliography. A significant number of postgraduate courses are offered in English and some in other languages (French, German, Spanish, Italian).

No daily attendance reports will be provided after each course.
