Why Pázmány Péter Catholic University (PPKE)?

Founded in 1635 and re-founded in 1992, PPKE blends centuries of academic tradition with a modern, values-driven community. With 4 faculties and 8,000 students in Budapest, we offer a truly welcoming environment in one of Hungary's most respected universities.

Why Choose Pázmány ITK?

Where tech meets life sciences! Founded in 1998, Pázmány ITK is a cutting-edge hub at the exciting crossroads of computer science, engineering, and biotechnology.

- **Hands-on Learning:** Build strong practical skills alongside solid theoretical foundations.
- **Top-Tier Research:** Our Jedlik Laboratories bring together 33 research groups working on bioinformatics, AI, machine learning, and info-bionics. Come study where biology meets code.
- **Global Community:** Friendly campus atmosphere where international students feel at home from Day 1.

Join our international community and experience innovative education.

Budapest: Your New Favorite City

Located in the heart of Europe along the Danube, Budapest is safe, affordable, and full of life!

- **Historic yet modern**
1,000 years of history with a buzzing, contemporary energy.
- **Student-friendly**
safe streets, legendary ruin pubs, famous thermal baths, vibrant arts and cultural scene, and an active Erasmus network.
- **Easy on your budget**
high quality of life with affordable living costs and discounted public transport pass.
- **Perfectly located**
hop on a train or bus for a weekend in Vienna, Prague, Krakow or beyond.

Academic Offerings & Study Options

MSc programs are fully taught in English.
A limited number of BSc courses are also available in English.

Our MSc programs:

- Artificial Intelligence
- Bioinformatics
- Computer Science Engineering
- Info-Bionics Engineering
- Medical Biotechnology
- Quantum Engineering

Our BSc Programs: Computer Science Engineering · Molecular Bionics Engineering. Select from English-taught BSc courses (mainly in the Autumn semester) or enrol in advanced MSc courses if you meet prerequisites.

Wide selection of courses: choose any course from our catalog that fits your background.

Guided Individual Study: do a supervised research project (1–4 ECTS) with direct professor supervision

Laboratory Internships: join a lab project in one of our 33 research groups for a lab internship

Language requirements

Students should have at least B2-level English (CEFR) for both study and traineeship mobility.
