

1. Nomination

Please refer to our [Fact Sheet](#) and ensure that your students meet [the application requirements](#). Partner universities are requested to submit the following documents when nominating students. We do not conduct selection or contact students at the nomination stage. Nominated students should promptly proceed to the application step.

<What to submit>

(1) Nomination Sheet

(2) Interview Record for Japanese Language Proficiency Assessment * (one per student)

*Starting from this application cycle, an interview-based assessment of the students' Japanese language proficiency is required as part of the student visa application process. The interview should be conducted by a Japanese language instructor. If this is not possible, an appropriate faculty or staff member at the partner university may conduct the interview, verify the student's Japanese language learning history, and complete the form.
