INSTRUCTIONS FOR REGISTRATION AND ATTENDANCE OF MODULES SOFT SKILLS FOR YOUNG RESEARCHERS 2026

On November 5, 2026, at 11:00 a.m. the launch meeting for the 2026 edition of Soft Skills for Young Researchers will take place at the following link <https://uniroma1.zoom.us/j/83701359408>.

To access the Course modules, you need to register on Infostud: Italian researchers/PhD students/research fellows can log in with their existing credentials or using their CIE (Electronic Identity Card) or SPID. Obtaining SPID credentials is simple and can be done entirely online. Follow the instructions on the Government's website: [Go to the "Request SPID" page](#). The security level required to access Infostud is level 1.

If you have an electronic identity card, you can also log in to Infostud with your CIE credentials. To log in this way, please follow the instructions provided on the Government website: [Go to the "Log in with CIE" page](#).

Your current Infostud credentials (student ID and password) will still be valid to access other Sapienza digital services that do not require SPID or CIE (institutional email, university Wi-Fi, Prodigit, etc.).

Anyone registering on [Infostud](#) for the first time will need to have SPID or CIE credentials to start the process.

Foreign students can log in with their Infostud student ID and password. To register on Infostud, you can use the following link: <https://www.studenti.uniroma1.it/webapps/infostud/registrazione>

Once you have obtained your credentials, you can access the Moodle platform, log in, and search for the Soft Skills 2026 course, available at the following link:

<https://elearning.uniroma1.it/course/view.php?id=21742>

and you will be able to enroll in the entire course, from which you can follow the modules you prefer, and the schedule will be available on the platform and on the dedicated webpage: <https://www.uniroma1.it/it/pagina/formazione-sapienza-sulle-soft-skills-giovani-ricercatori>.

On your first login, you will be asked to accept the Privacy Policy and click on “Iscrizione spontanea (Studente)”.
And you will see confirmation of your correct enrollment in the Course:

Opzioni di iscrizione

On the day of the course, you will be able to access Moodle and click on the module of interest:

N.B: The access page remains the same; each day, you simply need to click on the module scheduled.
Click on “Go to the webinar,” which will direct you to Zoom to follow the webinar.

Please note that the session will be automatically recorded, so we advise you to disable your audio and video (an option we have set as default).

We recommend installing Zoom on your device in advance to avoid delays once the course has already started.

At the end of the course, you will have to return to the Moodle page, and fill the feedback form (named "Questionario di gradimento"), that you can find at the following link:
<https://elearning.uniroma1.it/course/view.php?id=21742#:~:text=Questionario%20di%20gradimento,Feedback>.

Only after the completion of the form, you will gain access to the final test.

You will also need a password, that the instructor will give you at the end of the course, and that you'll insert on Moodle after clicking on [Compila il questionario del modulo](#).

For the quiz, please remember that you have one attempt, that you can skip a question, and go back to answer it later. The quiz duration is of 15 minutes. You will pass the quiz only if you achieve a score of 18/30 (proportionally calculated based on the number of questions in the quiz). Once you have submitted the quiz, you will be able to review it and see the correct answers. If you pass the quiz, you will be able to download the module certificate from your personal page on [Infostud](#) in the following days.

We wish you a great lesson!
The Soft Skills Team
